Registration on the WalletBubbles

To register on the platform, go to https://walletbubbles.com

Before registering, you need to download the Phantom app and register your wallet

Phantom wallet registration is intuitive

To register, it is better to use the phantom wallet browser - if you log in from your phone

If you are using a computer, you have the Phantom extension installed

Click log in or sign up

choose phantom wallet

click connect

click connect on phantom wallet

click confirm

← → C ⋒ s walletbubbles.com

Click confirm again

Write your username (come up with a name) and email

!! Attention **!!** The "username" field must be filled in without using special characters (?-/&\$%_! = etc.)

You will receive a 6-digit code on your email - enter it

Attention !! If the code does not come - press re-send code

V done

You have an internal platform wallet

The user should always link their X account

go to the wallet section

In the Profile section, select connect X

I Attention II there are size restrictions

V done

Sales notification comes to your email

Vou can also use the bot in the telegram @ray_orange_bot

1. You need to delete the wallet you have using the delete button

2. You need to add your own wallet address using the add button

V you can also import a built-in wallet into the Phantom wallet

And perform any actions from the phantom - send, exchange your tokens

Editing and burning art

Choose the art you are going to edit
